The 'Good Enough' Principle

- **Does it meet essential requirements in this context at this time?**
- **Is it realistic?**
- **Do we have the resources (time, staff, volunteers and money) to use it?**
- **Is it useful for those applying it?**
- **Is it as simple as necessary?**
- **When will we review its use?**
- **Have we referred to widely accepted humanitarian values, standards and guidelines?**

ECB2 Standing Team Services

- 14 staff of IWG Agencies on “roster”
- Reviews to assess and document current practice of accountability and impact measurement
- Training and/or coaching of field staff on accountability and impact measurement
- Documentation of field practice on accountability and impact measurement
- Team Members in joint evaluations
